Daytime: May 20 - 21, 2023 at 1pm

Evening: May 25 - 29 + June 1st at 7pm

Where: 17 de Lourdes, Pointe-Claire, H9S 4R1

In the heart of the Pointe-Claire Village, next to the Curling Club

HISTORY:

Bowls have been played, in one form or another, for centuries of years, combining strategy, competition, sociability, affordability and most of all FUN!

THE GAME:

The game is played on a wide smooth grass surface (*golf green*), called a Green. By the way, Pointe-Claire's Green is amongst the finest in Eastern Canada!

THE EQUIPMENT:

The equipment used is your Bowls, which are bowling size, made of hard resin with a deviation (*called Bias*) so that they follow an elliptical path rather than rolling in a straight line, another small, smooth white bowl called the "Jack," and a mat from which you play.

OBJECT OF BOWLS:

The object of Bowls, as in Bocce or Curling, is to get your Bowls closer to the Jack than the Bowls of your opponent. This is achieved by players from each team taking turns rolling their Bowls down the Green toward the Jack.
